Subject: Letter of Intent – NSF/Industry/University Cooperative Research Centers Program

Dear Dr. Jacobson:

This letter of intent is provided to you in support of your proposal to the National Science Foundation's Industry/University Cooperative Research Program. We understand that you are proposing a Center for Information Protection that will involve several universities and industrial partners.

Our company, _____ intends to become a charter member in the center at the rate of \$_____ per year. We understand that our membership fees are due by December 31, 2009 to become a charter member.
